TESTIMONIALS

Ellie quickly became our go-to Senior Engineer for the most complex Shopify builds. She led migrations, custom integrations, and technical challenges most engineers would shy away from

Zackary Lewis, COO, Chelsea & Rachel Co.

"Ellie is one of the best engineers I've ever worked with. APIs? Middleware? Buggy third-party apps? No problem. She scopes projects with precision and solves problems others avoid

Verona Gillespie, VP of Strategy, Chelsea and Rachel Co.
